

PARACELSUS
CLINIC

for Healing and Health

NEW REFERRAL PARTNER and SERVICE DIRECTORY OPPORTUNITIES

+ Join our Medical and Dental Referral Network!

Enjoy priority access to the extraordinary **Swiss Paracelsus Clinic** Biological Medicine diagnosis and treatment services for your patients. Using Paracelsus referral is a go-to that quickly injects hope and confidence into urgent cases. *No sign-up or directory fees!*

Build your post-Covid business with us. For 50 years Paracelsus Clinic professionals have been providing individualized answers to the most complex medical and dental problems from around the world. We are expanding our partner referral and cross-referral benefits.

Add our referral resource to your clinic toolbox and benefit from a full catalogue of innovative treatment plan offerings. Build up your earnings, outreach and regional reputation for knowledge, resourcefulness and connection. We will support your services.

The new **International Biological Medicine Partner Directory** helps patients find your local specialty services, and provides cross-referral opportunity for Paracelsus home care.

+ Referral Partners are Clinics and Practitioners

We welcome new and expanded Partner Agreements with our international network. All health and wellness professionals can embrace the patient and business benefits offered by Paracelsus Biological Medicine and our complete Body-Mind approach.

Our Service Directory will be used by our Swiss team to recommend local home-care support services to our visiting patients, and for cross-referral by regional providers. Join our global network.

We support our partners with a portfolio of market messages and media that help reach out to local patients searching for Natural and Non-Chemo Treatment Options.

+ Medical Tourism Agents

Service Allowances are provided to Referral Partners to support quality patient consultation and education. Paracelsus Clinic and Biological Medicine as a modality, are a natural, holistic and individualized diagnostic and treatment choice.

We invite Medical Tourism professionals to join our community referral network. A special Referral Program is tailored to improve that unique category of business support.

Our Swiss team have ground travel and accommodation resources your clients will need. Where required, Visa assistance and local translation and escort services can be provided. Swiss tourism in St. Gallen and Teufen provides quality shopping, historical tours, and spectacular rural countryside experiences.

+ Honoraria Referral Partners

Many of our friends are past patients, public education event attendees, Academy Members and motivated natural medicine health advocates.

A new Honoraria Reward Program is for those who are not full-time professional medical referrers. We want our advocates to enjoy a benefit for advancing public awareness support for Paracelsus Clinic services.

Sign up as an Honoraria Partner!
